

**Bakalaura studiju programma „Matemātika”**  
**Akadēmiskā personāla piedalīšanās zinātniskajās konferencēs**  
**2004./2005. studiju gads**

A. Gricāns, F. Sadirbajevs. Asymptotic behavior of solutions to the Emden - Fowler type equations, Fourth World Congress of Nonlinear Analysts WCNA-2004 June 30 - July 7, 2004, Orlando Florida USA. *Koreferents J. Klokovs*  
<http://my.fit.edu/~dkermani/rogochenko.htm>

F. Sadirbajevs. Types of Solutions and Multiplicity Results for Two-Point Nonlinear Boundary Value Problems, Fourth World Congress of Nonlinear Analysts WCNA-2004 June 30 through July 7, 2004, Orlando Florida USA. *Koreferente I. Jermačenko*.  
<http://my.fit.edu/~dkermani/cabada.htm>

F. Sadirbajevs. Planar systems with critical points: multiple solutions of two-point nonlinear boundary value problems, Fourth World Congress of Nonlinear Analysts WCNA-2004 June 30 through July 7, 2004, Florida USA. *Koreferente S. Ogorodņikova*.  
<http://my.fit.edu/~dkermani/gaiko..htm>

A Gricāns, F. Sadirbajevs. Par Nehari skaitliem. LU 63. konference 2005.g. 4. februārī

F. Sadirbajevs. Rezultāti par atrisinājumu skaitu PDV nelineārās robežproblēmās. LU 63. konference 2005.g. 4. februārī, *Koreferente S. Ogorodņikova*.

A Gricāns, F. Sadirbajevs. 10th International Conference Mathematical Modelling and Analysis June 1 - 5, 2005, Trakai, Lithuania

F. Sadirbajevs. 10th International Conference Mathematical Modelling and Analysis June 1 - 5, 2005, Trakai, Lithuania, *Koreferente S. Ogorodņikova*.

A Gricāns, F. Sadirbajevs. On Nehari solutions. EQUADIFF 11, Bratislava, Slovakia, July 25 - 29, 2005

F. Sadirbajevs. Types of solutions and multiplicity results for second order nonlinear boundary value problems. Conference on Differential & Difference Equations and Applications, Florida Institute of Technology, Melbourne, Florida, August 1-5, 2005.  
<http://my.fit.edu/~agarwal/> *Koreferente I. Jermačenko*.
